CIA Sub
Mr. Smart of the House Armed Services Committee staff called to advise that Chairman Vinson wished to change the date for the DCI to meet with the CIA Subcommittee from 20 December to 3 January. (After checking with DCI this date has been confirmed at ten o'clock.) Mr. Smart also stated that the Chairman would very much like to have the Director appear before the full Committee in closed session as a part of the review which the full Committee will make of the nation's defenses. This over-all program of the House Armed Services was publicly announced by the Chairman on 4 December.
